

STUDENT CARE

Insurance for students
from abroad.

Attractive and comprehensive. STUDENT CARE from SWICA.

Are you staying in Switzerland for training or professional development and would like full financial protection? With its STUDENT CARE plan, SWICA offers you cover for illnesses and accidents that accords with mandatory healthcare insurance under the Federal Health Insurance Act.

STUDENT CARE

- Comprehensive cover for illnesses or accidents that accords with mandatory healthcare insurance under the Federal Health Insurance Act
- Worldwide health advice by phone
- Selectable annual excess of 300 francs or 500 francs for outpatient and inpatient treatment
- No deductible for the cost of services that exceeds the annual excess
- No medical exam necessary when taking out insurance
- Worldwide protection with SWICA's prior commitment to provide cover

STUDENT CARE is available to pupils and students through their educational institution's group contract, or they can apply for it directly.

Individual supplementary insurance for illnesses and accidents

With supplementary insurance from SWICA you can extend the cover to suit your needs and get attractive contributions toward preventive healthcare.

The SWICA apps.

With the SWICA apps you can access countless services, regardless of where you happen to be. The apps offer the following functions (among others):

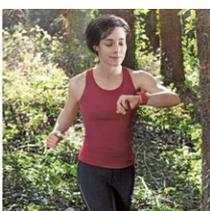

Submitting invoices

You can simply use your smartphone or tablet to send claims-related documents to SWICA. This means that you always know which invoices you have submitted and can easily track the status of your claims.

Health-related offers and services

You can use the SWICA health app to access SWICA's 24-hour customer service and the sante24 health advice helpline at the touch of a button. You will also receive regular information about interesting health-related topics and special offers.

BENEVITA bonus programme

Under the BENEVITA bonus programme you can directly influence your premiums by adopting a healthy lifestyle. Compete against like-minded individuals by synchronising your fitness tracker with your smartphone.

Overview of STUDENT CARE benefits.

		STUDENT CARE
Health advice by phone with sante24		Medical staff answer your questions about health and help you to find suitable doctors or therapists. Available 24/7.
Outpatient treatment Orthodox medicine		Treatment by contracting physician and other approved health professionals such as e.g. chiropractors, midwives. Full cover
Medicines		As per recognized list of medicines and special items, if prescribed by physician
Hospitalisation		General ward in hospitals of the canton of residence or current location based on the rate valid for the canton of residence
Alternative treatments Complementary medicine		Anthroposophic medicine, traditional Chinese medicine, homeopathy and herbal medicine; costs are covered based on the rate of the canton of residence for doctors certified (FMH) in the applicable discipline
Medical check-ups for early diagnosis of diseases		Preventive measures under the statutory benefits regulations, gynaecological check-up every 3 years
Maternity		No co-payments for maternity benefits in accordance with the Health Care Benefits Ordinance; no co-payments for treatment against illness from the 13th week of pregnancy up to and including the 8th week after the birth.
Inoculation and travel vaccination		Vaccinations under the provisions of the Health Care Benefits Ordinance
